

Music gets **personal** with SoundGear

When it comes to your music,
one size does NOT fit all.

SOUNDGEAR®

POWERED BY Starkey.Hearing Technologies

SOUNDGEAR®

TUNZ®

SoundGear® Tunz® custom headphones and stage monitors are created specifically for you and the way you enjoy your music. SoundGear Tunz delivers superior sound quality and a secure fit because it is custom made for your ear. Handcrafted by the hearing experts at Starkey Hearing Technologies using the latest audio advances, SoundGear Tunz performs at the level you demand.

Musicians

SoundGear Tunz custom stage monitors

You're an artist and your art deserves the best tools. **SOUNDGEAR TUNZ CUSTOM STAGE MONITORS** give you balanced sound and pure, rich tones for total control of your stage mix. Custom made and fit to your ears, they offer superior sound isolation, eliminating the need for traditional stage wedge monitors.

SoundGear Tunz Duo S*

Not sure if you're ready to get rid of wedge monitors? SoundGear Tunz Duo S are entry-level monitors that perfectly amplify both mid- and high-range sounds, enabling you to stay on top of the action on stage.

- **Driver:** Dual Drivers – woofer and tweeter
- **Sound Isolation:** 26dB
- **Frequency Range:** 20 Hz to 15,000 Hz
- **Sensitivity:** 106dB @ 1 mW
- **Impedance (1 kHz):** 42 Ohms
- 1-year warranty

SoundGear Tunz Trio*

Keyboard players and singers love SoundGear Tunz Trio. Natural, live-quality sound makes them the ideal monitors. Bass is minimized to easily isolate performances.

- **Driver:** Triple Drivers – 2 woofers and tweeter
- **Sound Isolation:** 26dB
- **Frequency Range:** 20 Hz to 15,000 Hz
- **Sensitivity:** 119dB @ 1 mW
